Quarterly Update | Q1 2025

Introduction

We are pleased to provide you with SMG Securities's Q1 2025 Healthcare Industry Update. Please contact Nathan Cortright at 203-246-6527 or ncortright@smg-securities.com should you wish to discuss how SMG can help you to achieve your business objectives.

Q1 2025 showed a large increase in M&A deal announcements in the healthcare M&A space with over 200 deals announced. Valuations continue to be driven by strong buyer interest from both strategic acquirers and financial buyers.

- For the first quarter of 2025, Healthcare services M&A activity across different segments showed a median valuation of 3.70x revenues and 11.70x EBITDA.
- Transactions covered in Q1 2025 mostly involve mid-sized companies with a median enterprise value of \$343 million.
- As a percentage of total deal volume, financial sponsors showed slightly higher deal volume in Q1 2025 compared to strategic buyers.
- These valuation statistics best represent mid-cap companies, since smaller transactions generally involve privately-held companies where transaction values are less often disclosed.
- SMG's financial professionals maintain that the healthcare sector will continue to be viewed as an attractive sector for investment due to the essential nature of its services and the long history of growth in the sector above the overall economy in a wide range of macro-environments.
- As one of the nation's longest-established investment banks, the opinions of SMG are rooted in our extensive current and historical industry data and research, input from our clients, and a wealth of professional experience.
