### Introduction

We are pleased to provide you with SMG Securities's Q3 2025 Healthcare Industry Update. Please contact Nathan Cortright at 203-246-6527 or <a href="mailto:ncortright@smg-securities.com">ncortright@smg-securities.com</a> should you wish to discuss how SMG can help you to achieve your business objectives.

Q3 2025 showed a large increase in M&A deal announcements in the healthcare M&A space with over 200 deals announced. Valuations continue to be driven by strong buyer interest from both strategic acquirers and financial buyers.

- For the third quarter of 2025, Healthcare services M&A activity across different segments showed a median valuation of 2.4x revenue and 15.0x EBITDA.
- In Q3, M&A transaction multiples have improved significantly; compared to Q2, which were 1.5x and 10.2x for revenue and EBITDA, respectively.
- Q3 2025 also involved high volume of take-private transactions such as acquisition of Premier, Inc. by Patient Capital Partners, and Dentalcorp Holdings' acquisition by a group of investors including GTCR and L Catterton.
- These valuation statistics best represent mid-cap and large-cap companies, since smaller transactions generally involve privately-held companies where transaction values are less often disclosed.
- SMG's financial professionals maintain that the healthcare sector will continue to be viewed as an attractive sector for investment due to the essential nature of its services and the long history of growth in the sector above the overall economy in a wide range of macro-environments.
- As one of the nation's longest-established investment banks, the opinions of SMG are rooted in our extensive current and historical industry data and research, input from our clients, and a wealth of professional experience.
