Introduction

We are pleased to provide you with SMG Securities's October 2025 Healthcare Industry Monthly Update. Please contact Nathan Cortright at 203-246-6527 or ncortright@smg-securities.com should you wish to discuss how SMG can help you to achieve your business objectives.

M&A deal activity continued its strong momentum through October 2025 with exciting deal announcements in the healthcare space. Over 100 deals were announced in October. Despite the challenges in the first half of 2025, including rising interest rates, and global economic instability, Healthcare M&A deals remained robust from both Strategic as well as Private Equity acquirers. This momentum is expected to continue through the remainder of the year.

- Healthcare services M&A activity across different segments showed a median valuation of 3.6x revenues and 15.3x EBITDA. Among the deals announced in October, very few had transaction details disclosed.
- Transactions covered in October 2025 involved both small and large companies with a median enterprise value of \$673.0 million.
- As a percentage of total deal volume, strategic buyers showed higher deal volume in October compared to financial sponsors.
- These valuation statistics best represent small-cap companies, in which case, transaction values were less disclosed.
- SMG's financial professionals maintain that the healthcare sector will continue to be viewed as an attractive sector for investment due to the essential nature of its services and the long history of growth in the sector above the overall economy in a wide range of macro-environments.
- As one of the nation's longest-established investment banks, the opinions of SMG are rooted in our extensive current and historical industry data and research, input from our clients, and a wealth of professional experience.
